

Copyright Assignment & Warranties Form

Manuscript Title: _____

Corresponding Author: _____

Mailing Address and Telephone/Fax Numbers: _____

Authorship: I, the undersigned author, have reviewed the submitted manuscript, state that this article is valid, and approve it for publication. As an author of this article, I certify that none of the material in the manuscript is included in another manuscript, is presently being considered for publication elsewhere, or has been published heretofore in any other language or journal. I further certify that I have contributed substantially to accept public accountability for this research. I have not assigned any right or interest in the article to any third party, and I also attest that no figures or illustrations that accompany this article have been digitally altered or misrepresent in any way the actual circumstances reported. I further warrant that this article has not been accepted for publication elsewhere.

Disclosure: I, the undersigned author, declare that I have no commercial association (e.g., equity ownership or interest, consultancy, patent and licensing agreement, or institutionally and corporate associations) that might be a conflict of interest in relation to the submitted manuscript, except as disclosed in a separate attachment.

Disclosure statement

All sources of funding in support of the work presented in the article are indicated in the Acknowledgements of the manuscript.

Funding statement

Institutional Approval of Ethics of Treatment: I certify that full and informed consent was obtained from human subjects, and that the work was performed in accordance with the humane and ethical principles of research set forth in the Helsinki guidelines. In countries where institutional review is established, this statement also attests to the approval of that institution of the protocol for all aspects of the investigation presented in a manuscript involving humans or animals.

Copyright Assignment: The undersigned authors, jointly and severally, hereby transfer, convey, and assign all rights, title, and interest therein, including any and all copyrights in all forms and media now or hereafter known, to the Journal of Genetic Medicine, which is published by the Korean Society of Medical Genetics and Genomics.

Each author must sign this statement; signature stamps and computer-generated signatures are invalid.
